Profile

Self-taught Front-End Web Developer with a deep passion for software and hardware since a young age. I enjoy building visually appealing and functional websites, always striving to improve my skills and stay updated with the latest technologies. Hardworking, adaptable, and eager to learn, I thrive in dynamic environments where I can grow and contribute effectively.

Professional Experience

Frontend Developer, Zummit Infolabs — 04/2024 – present — Remote
- Led the frontend team, overseeing project progress and ensuring alignment with business goals.
- Delegated tasks, tracked team performance, and facilitated daily standups and sprints.
- Developed and maintained projects using **React.js** for dynamic UIs and **Tailwind CSS** for efficient styling.
- Collaborated daily with **UI/UX designers** and **backend developers** to implement design changes and optimize functionality.
- Built an **AI-powered Interview Automation Web Application**, enhancing recruitment processes.
- Developed a **Therapist Web Application**, improving accessibility to mental health resources.
- **Independently built a Bioinformatics Web Page**, ensuring seamless data visualization and user experience.

VegaIT, Frontend Developer Intern — 02/2022 – 03/2022 — Novi Sad, Serbia
- Collaborated in a team environment to create **static websites** using **HTML**, **CSS (SASS)**, and **JavaScript**.
- Utilized **GULP.js** for task automation, improving workflow efficiency.
- Gained valuable mentorship and hands-on experience with the latest **industry technologies**, enhancing my skills in modern web development practices.

Frelance Frontend Developer, Upwork — Remote
- Developed **responsive websites** using **React.js** for clients in the hospitality industry, including **hotels** and **restaurants**.
- Collaborated daily with **UI/UX designers** to ensure design consistency and improve user experience.
- Contributed to **backend development** with **Node.js** to enhance website functionality and integration.

Courses

Frontend Developer, SmartInIT — 02/2021 – 06/2021 — Novi Sad, Serbia
- Honed skills in **React.js**, **HTML**, **jQuery**, **Bootstrap**, **CSS**, and **SASS**, building dynamic and responsive websites.
- Contributed to the development of a **Racing Competition website**, applying modern frontend technologies to enhance user experience and performance.
- Utilized **Git** and **GitHub** for version control and collaboration within the team.
